Dear Mr. Weisburg

I am 18 years old and a high school student. I have been studying and doing much research on ~~the~~ the Kennedy assassination for the past 4 years. I am very interested in it and take the subject very seriously. I have read your series of Whitewash books with great interest and find them very informative and very carefully researched. Your books are a valuable asset to those who take as much of an interest in the mess of the assassination as I do.

The book I found most interesting of all is "Photographic Whitewash". I was particularly interested in the photograph of the man ~~who looked like~~ with what appears to be a gun on the fire escape of I believe; ~~the~~ the Dal-Tex Building. ~~That~~. This is my main

reason for writing to you. Because of my age and inexperience, I have not been able to obtain material to make a ~~reasonable~~ good study of if there was a conspiracy or not (which I strongly believe there was). I would like to ask you if you would send me a copy of that photograph of the man on the fire escape. I would certainly appreciate this greatly and ~~it~~ would help me very much. Also do you possibly have any other photos or material that you think would assist me. I would ~~also~~ very much appreciate anything that you could send me pertaining to the assassination.

Thank you so much

Sincerely
Ellen M. Kelly
